SLATBOX®

THE UNIVERSAL STORAGE SYSTEM

➔ Works directly on Slatwall, even most PVC Slatwall Systems. No adapters or special channels required for Slatwall applications.

➔ The Hobibox works directly on Slatwall and Pegboard.

➔ Slatbox adapters are available for Pegboard and Gridwall applications.

Slatbox® Storage Systems are great for:

- Warehouses
- Cell Phone Repair Shops
- Storage Rooms
- Manufacturing Floors
- Shipping Departments
- Showroom Displays
- Auto garage
- Tire Shops
- Wood Shops
- Hospital Supply Rooms
- Garage Work Benches
- Gun Manufacturing & Repair Shops
- Craft Rooms & Home Offices

Organize by color coding for expert inventory control while keeping parts clean and tidy.

Labels provide efficiencies in production.

Create organized and attractive showroom displays.

SLATBOX® FAQ's

Working Weight Load

All SLATBOX® products are weight certified to determine the working load capacity with certification to International Standards. The testing service is accredited with NATA. Compliance with ISO/IEC17025 (1999) requirements is adhered to. Load capacity is stated on each box.

Color

All SLATBOX® products are made from UV-stabilized polypropylene and are highly resistant to color fade.

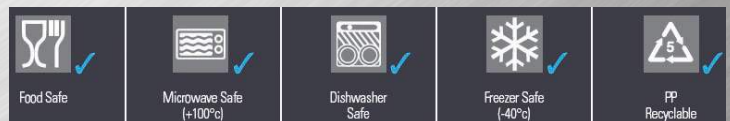

Sterile Environment

All SLATBOX® products are ideal for a clean sterile environment such as hospitals. The bins are made from virgin polypropylene and are approved for clean room environments. Contact us for more information. The bins can withstand heat sterilization up to 120 degrees Celsius. They are also freezer safe to -40 degrees Celsius.

Warranty

All SLATBOX® products are covered by a 12-month manufacturers warranty to cover against manufacturing defects.

Worldwide patents are held by the designers and manufacturers of Slatbox®.

14-3/8"d x 11-1/4"w x 7"h
Working Load Limit: 18 lbs.
Full Carton Quantity: 20
01-360-BK Shown

Tilt Medium and **Tilt Big Slatboxes** come in Popbox™ and Cratebox™ styles. They sit flat on a shelf and tilt when placed on Slatwall, Slatgrid or Pegboard.

Many showroom and floor managers choose the **Tilt Popbox™** and **Tilt Cratebox™** over cumbersome wire bins. Slatboxes stack easily for shipping and storage. Pull them apart effortlessly when ready to use. Slip them directly into your Slatwall. No more costly, stuck together wire bins with product poking through the sides.

All Tilt Slatboxes have built in **DUST SLITS** located in the bottom front. Dust slits prevent light dust and debris from collecting in the front where most people reach.

Tilt Popbox and Tilt Cratebox feature high load bearing capacity to hold up in any garage shop, warehouse or parts area.

Dust Slits

Colors Available: Clear (CL), White (WH), Black (BK)
